### **INTRODUCING OUR LABORATORY QUALITY EVALUATION SERVICE**

- **What We Can do for You:** We provide laboratory quality evaluation services. We are a team of experienced Malawian graduate Chemists offering training and laboratory assessments in Malawi and outside the country. We will be happy to provide more information on how you can engage us to improve on the performance and skills of your laboratory personnel, at a nominal fee.
- **Our approach:** We are available to meet with your relevant laboratory officers to discuss a review of your laboratory facilities, skills, processes and to provide our expert opinion on how to improve. This is in terms of standard laboratory procedures that ensure the generation of **reliable test results at all times**. Based on our review, and at no cost to the institution, we shall be able to provide our recommendations in terms of training, equipment and procedures to implement.
- **Our people:** Our team is comprised of personnel with experience in managing laboratories in terms of the International Standard ISO 17025. We strongly believe that operating a laboratory that provides reliable results at all times contributes to reduced costs of operations of the laboratory and contributes to accurate decision making. Most importantly, we are passionate with ensuring that the laboratory provides accurate answers to steer the operations of your institution in the direction of success. Check us on [www.lifesciencesmw.com](http://www.lifesciencesmw.com)
- **Our View:** We are also aware that you import most consumables and you would want to ensure that the chemicals you import do satisfy your prescribed specifications. A well performing laboratory should be able to verify such specifications on receipt of goods using documentation, and after testing, to ensure that your institutions gets value for money at all times. The skills for doing this is what we can provide based on our evaluation.

**Where to find Us:** We are based in Lilongwe and will be happy to hear from you about our proposition. Please contact **Doris Butao** on 099 158 7236 or **Joseph Maruwo** on 099 925 5822, Professor Sajidu on 0888 891 714. Or by Email: [info@lifesciencesmw.com](mailto:info@lifesciencesmw.com)

**Directors:**

*Professor Samson Sajidu PhD Chemistry – Oxford University - UK*

*Phillip Makhumula MSc (Analytical Chemistry) – Port Elizabeth University - South Africa*

*Ms. Doris Butao – MSc Applied Chemistry – University of Malawi Chancellor College*
